Thursday, December 1
5:30 - 6:30 pm
Northwest Tower, Conference Room 15145  |  Medical Campus

Global Implementation of Pre-Exposure Prophylaxis (PrEP) for Human Immunodeficiency Virus (HIV) Infection: Challenges and Solutions

Historical Overview of HIV Globally
Derrick K. Ogola
B.A. Candidate, President of Partners in Health Engage, Washington University in St. Louis.

State of Global PrEP Implementation
Rupa Patel, MD, MPH, DTM&H
Dr. Patel is the PrEP Program Director for the WUSTL Infectious Diseases Clinic and is an Assistant Professor at WUSM. She is currently involved with international and domestic PrEP delivery programs.

Moderator
William G. Powderly, MD
Dr. Powderly is the J. William Campbell Professor of Medicine and the Larry J. Shapiro Director of the Institute of Public Health at Washington University. He is also co-director of the Division of Infectious Diseases at WUSM. Dr. Powderly has been actively involved in HIV-related clinical research for over twenty-five years.

For additional information, contact Wayne Warner at GHSAC@wustl.edu.
Food and refreshments will be served.

Global Health Conversations is an exciting monthly forum for trainees, faculty and staff to engage in topics of interest to the global community. The event is organized by the Global Health Student Advisory Committee.
