Given the debate over healthcare reform, Missouri is exploring how best to serve its citizens and balance its budget.

Transforming Healthcare in Missouri: Ideas for Innovation and Investment brings together health care providers, payers, consumers, researchers, economists, advocates and policymakers to discuss ideas for healthcare reform in Missouri. The Center for Health Economics and Policy and the Clark-Fox Policy Institute invite you to join the discussion on Friday, October 13, 2017, at the Trolley Room in the Forest Park Visitor & Education Center.
