

2019 Summer Research Program
Public and Global Health Symposia Summary

On July 30th and 31st, students in the Public and Global Health Track presented overviews of their summer research projects via slide presentation. Bethany Johnson-Javois, MSW, chief executive officer of St. Louis Integrated Health Network and former managing director for the Ferguson Commission, gave a keynote entitled, “*Leveraging Local Expertise to Accelerate Health Equity and Wellness in the St. Louis Region and Beyond.*” The symposium concluded with the students receiving their program completion certificates.
